Subject: RE: Oregon's Watershed Measures & Waterbody Restoration Stories

Hi David,

Thanks for reviewing the PowerPoint. Our contractor can help assess whether a watershed restoration would make a good candidate. The key is having data.

Jayne

Jayne,
I'd like to participate but have a conflict that date/time.

I am evaluating whether there are situations that meet one of these targets (WQ-10 or SP-12) in the Umpqua.

The powerpoint is very helpful!

Thanks, David
